—EXCELLENCE IN BREEDING—

Brahman Sale April 16

at the ranch Italy, Texas
The Offering . . .

The time has arrived. Now you have the same opportunity that we did. We are offering every adult female we own plus a group of replacement heifers.

We purchased the very best to build our herd on - JDH Hudgins, Seaberg Ranch, V8 Ranch, 3X Ranch and L6. We emphasized quality in females and mated them to the very best bulls that we could obtain.

Our very successful embryo program is ahead of schedule. We must make room for this production: you get to select from our entire cow herd.

20 females are donor cows. Varying interests in these cows will sell along with option to purchase embryos.

50 cows will be brought in as pairs - Buyers choice.

117 cows to be sold outright. These include a nice group of Red Brahman cows, mostly 3X breeding. Over fifty pairs or 3 in 1's.

All females carry services of reputable sires. Included are JK 45 "Bozo", JDH DUCH DE MANSO 60/2, Mr. 3X Fantastico 49/5 and L6 Taitan Manso 215.

7 herd sires sell plus several excellent prospects representing a wide variation of bloodlines and breeding.

QUARTER HORSES . . . selling seven mares, three yearling colts, two working geldings, and two kid horses. All foundation bloodlines such as King, Joe Hancock, Depth Charge, King Ranch plus Doc Teri and Cutler Bill.

Net Farm Income Expected to Rise by \$4-\$5 Billion Due to Less Expense in Production, Acreage Shifts Expected

Park Ridge, Ill. March 31 - Producer acceptance of the federal acreage reduction (APR) and payment-in-kind (PIK) programs will reduce carryover supplies at the end of the 1983 marketing year, but does not justify expectations for higher commodity prices for wheat, feed grains, cotton or rice, an American Farm Bureau Federation spokesman said today.

Rees Kervee, AFBF research economist, said 1983 net farm income should be improved about \$4 billion to \$5 billion, due to reduced farm production expenses resulting from the idling of some 55 million acres, but he does not expect the PIK program to improve annual average prices for farm products.

Kansas Beef Producers Nominated For Beef Improvement Awards

Two outstanding Kansas beef producers have been nominated by the KLA Beef Improvement Committee for national awards. Ansel Armstrong, Manhattan, has been nominated for the Beef Improvement Federation's Seedstock Producer of the Year Award. Kent Brunner, Law Springs, has been nominated for the Beef Improvement Federation's Commercial Producer of the Year Award.

Producers Announces Lamb Board Sale, New Market Tool

San Angelo-The Producers Livestock Auction Co., announced a new lamb marketing service termed the Lamb Board Sale, the first of its kind. The first sale will be held April 27 in conjunction with the regular sheep auction that day. San Angelo goes to a two sale a week on sheep this week.

Under the new marketing plan the lambs will be sold by competitive bids and will be delivered by the seller on the date of his choice. Lambs will remain at the ranch until the specified delivery date. Lambs will be lighted in advance to provide buyers an opportunity to look at them before the sale. Minimum consignments will be 300 head and consignments will be 50 cents per head. Delivery date or date will be specified by the seller before the sale as well as weighing conditions and minimum weights. The seller has the privilege of refusing the sale.

Producers Livestock Auction will be the sellers agent for delivery of the lambs and transfer of funds. The new sale method will give ranchers the advantage of offering lambs under competitive bidding conditions before all interested buyers before the lambs leave the home range.

Anderson Elected President of AQHA

The election of Broken Arrow, Oklahoma resident Jack Anderson as president of the 142,000-member American Quarter Horse Association topped off business at the organization's March 13-16, 44th Annual Convention in Denver, Colorado.

This year's convention, headquartered at the Denver Hilton, combined a flurry of both business and weather, as a winter storm dumped several inches of snow on convention goers. Spirits were chilled by the water outbreak, however, as 7,800 members and guests of the Association travelled from 46 states and six foreign countries to attend the annual meeting of the organization.

AQHA President Anderson, who succeeds Robert Norris of Colorado Springs, Colorado, is involved in Quarter Horse breeding and show careers, as well as leadership positions at both the local and national levels. He has been an AQHA Director for 12 years and has four previous years experience on the AQHA Executive Committee, the last year as first vice president of the Association. Anderson also is a past (CONT. ON PAGE 3A)

much. The gamblers in the grain trading pits are able to come up with a brand new set of why's and wherefores just about instantaneously, and even a casual observer can see the way prices for cash or in futures are yo-yoing as they bet their money on whichever way they happen to be thinking it's the moment.

With these United States obviously climbing slowly out of the Recession, there is hope that exports may pick up. However, most other export countries have surplus problems, too.

Sheep Industry Moves To Boost Market (CONT. FROM PAGE 1A)

President of the American Sheep Producers Council, Cook, a South Dakota sheep producer, spoke to attendees at the Sheep Industry Conference in Mequon, Wisconsin, today.

After a three-year increase in sheep numbers, the American sheep industry experienced its first decline in 1982. This decline can be attributed to the high interest rates and poor profits which are forcing many producers to sell valuable breeding stock to finance farming operations, according to Cook. The producers have taken actions to combat their difficulties, reported the South Dakota sheep producer, by marketing lambs in an orderly manner and shipping them in optimum condition. Packers, also hit by the poor economy, have reorganized to either non-union or low union scales. They have also changed packing methods to increase the amount of boxed lamb sold. This, explained Cook, allows areas selling a large amount of certain carcass parts to buy only those parts, and increases the value of the entire carcass.

The American sheep industry's strategic plan, designed by representatives of the ASPP, Sheep Industry Development Program, Inc., National Wool Growers Association and the National Lamb Feeders Association, will help aid this recovery process as well. During his presentation, Cook also stated the emphasis at the ASPP is on increasing the opportunity for higher producer returns.

Quarter Horse Benefit Auction Brings \$85,450

As was expected, AQHA registration number 2,000,000 was the high-selling item at the Fifth Annual American Quarter Horse Foundation Benefit Auction, conducted in conjunction with the 44th Annual American Quarter Horse Association Convention, March 18-19 in Denver, Colorado.

Tlo Kleberg and the King Ranch of Kingsville, Texas, purchased the historic registration number for \$11,500 at the March 14 event. This purchase accounted for approximately one seventh of the \$85,450 the auction took in for Foundation programs. Proceeds will be divided between the American Quarter Horse Hall of Fame Building Fund and the American Junior Quarter Horse Association Scholarship Program.

Four previous foundation auctions have raised \$380,000 for Foundation projects. With the addition of this year's proceeds, total funding provided through the program totals \$455,380. Between six and seven hundred people attended the auction.

Feedlot Trade Slow, Snow, Rain Halt Most Movement

(CONT. FROM PAGE 1A)
Trading prompted some improved bidding
from cattle buyers; few late sales steady
to week compared to last week's best
times. Mostly "in the beef". Good to 50
per choice steers making 600-800 lb. car-
casses 110.00-111.50. Good to 50-75 per
choice heifers producing 500-700 lb. car-
casses 105.00-107.00. Gloating
108.00-107.00. Occasional load good to
mostly choice 950-1000 lb. heifers
84.50-86.00.

Dodge City, Apr. 6 (USDA)—Western
Kansas feedlot trade remains inactive
Monday. No slaughter cattle sales
reported. Inquiry uneven moderate to
none. Demand light. Weather, snow and
mud hampering all stages of the industry.
Week to date total 800 head.

Creeley, Apr. 4 (F-S)—Colorado
feedlot sales 1,275. Trading on slaughter
steers and heifers quite slow. Hardly
enough sales confirmed to define a trend.
Sellers are maintaining a stout position
in view of the very current supply situa-
tion. Steers 675. One set choice 2-4 1150
lb. 88.00 FOB; few loads good to mostly
choice 2-3 1100-1250 lb. 88.00.
Heifers 700. Few sets choice 2-4 925-1000
lb. 66.50-67.00 FOB.

Dodge City, Apr. 5 (USDA)—Eastern
Kansas feedlot trade inactive. No sales
slaughter steers and heifers confirmed for
a market test. Inquiry and demand very
light. Rain and snow storms in area
hampered trade.

Torrington, Apr. 5 (F-S)—Wyoming-
Western Nebraska feedlot trading slow
Monday. Slaughter steers and heifers not
well tested. Buyer inquiry good with a
short supply of market ready cattle in
firm hands. Sales confirmed on 250
slaughter steers, 225 slaughter heifers.

Steers: Good to mostly choice 2-3
1160-1200 lb. 87.00-88.50 delivered. Car-

BEEFMASTER BREEDERS UNIVERSAL NEWS

JOHN NEWBURN

BBU Hires Two Field Representatives

John Newburn and Paul A. Wall have been added to the staff of Beefmaster Breeders Universal as field representatives, according to Gene Kuykendall, executive vice-president of the association.

Newburn, a native of Houston, Texas, returns to BBU from Pine Mountain, Ga., where he managed the Big Bear Santa Gertrudis Ranch for two years. He spent two years prior to these at Cuarenta Ranch, Muldoon, Tex. He was held representative for BBU from 1975 to 1976. Newburn is a graduate of West Texas State University where he received his B.S. degree in 1966.

Wall, a Webster, Fla. native, came to San Antonio, Texas, from Kernersville, N.C. He was employed by the American Polled Hereford Association where he served as area coordinator for six states since 1980. Prior to this position, he worked for C.H. Knight Livestock Company, purchasing cattle on auction markets throughout Florida and Georgia. He has also taught Vocational Agriculture and sold farm and land real estate. He has a B.S.A. in Animal Science from the University of Georgia, Athens, Ga., and an A.S. from Abraham Baldwin Agricultural College, Tifton, Ga.

In their new capacity, Newburn and Wall join Charles Bradbury, director of field services, and field representative Robert Williams. All inspect and classify cattle in accordance with the standards set forth by the association. "Increased activity in Voluntary Classification, BBU Approved Sale, and inspection of cattle for the official Upgrading Program has made it necessary to expand our staff," says Kuykendall.

Palmer Power Beefmasters Go For \$2674 Average

Sixty-six lots of Beefmasters went through the ring for an average of \$2674 at the Palmer Power Beefmaster Sale, March 5 in Pecos, Texas. Fifteen bulls went for \$2689, five three-in-ones \$4100, 16 bred females \$2563, 16 pairs \$2725, and 16 open heifers \$2250.

Top seller of the day was the 3/4 interest sold in the Palmer herd sire, Palmer Polled Power 62/1 for \$10,000. The interest and full possession went to Bob Selos Beefmasters, Midland, Texas. F.W. Weber Estate, paid \$4200 for a two-year-old Polled Power son, and SR Beefmasters of Dilley, Texas, took home a April 1981 son of Big Boy 57/7 for \$3950.

In the female sale, Bob Selos Beefmasters of Midland, Texas, gave \$5700 for the top seller, a three-in-one package with a heifer and a steer. Another three-in-one package was auctioned high for \$5000, going to Jerry Rook of Woodboro, Texas. Terra Seen Beefmasters of Freer, Texas, bought the top selling pair of \$4200.

Ruben Reyes and Anthony Mihalaki were the sale managers and auctioneers.

Next time your bull gives out before his job is half done,

By staying in the herd longer and working harder, Beefmaster bulls greatly lower production costs. In today's economy, it's nice to know the bull you turn out this breeding season will still be around next season... and the next. And that he's turning out sons and daughters just as durable.

Putting harder working, longer lasting cattle in your herd is simple. All you do is change the bull.

Texas Longhorn to Benefit Museum New Headquarters

Ft. Worth — A select group of registered Texas Longhorn cattle will sell in a historic "barn reling" event with all proceeds going to the building fund of the Texas Longhorn Breeders Association of America (TLBAA). The sale, named the "National Headquarters and Museum Fund-Raising Sale", is set for 12 noon, August 12, 1983, at the amphitheater of the MGM Grand Hotel in Las Vegas, Nevada. The sale will be held in conjunction with the annual convention of the TLBAA. The unique fund raising event was announced by Dr. L.V. Baker, Jr., Elk City, Oklahoma, president of TLBAA.

The new headquarters and museum for TLBAA will be constructed in Ft. Worth, Texas, near the site of the old Chisum Troll.

All cattle in the sale are being donated by members of TLBAA. Consignments will be selected by a sale committee from photographs and production information provided by breeders. This information must be received in the association office by May 10, 1983.

The construction of a new headquarters and museum in a result of the continued interest in registered Texas Longhorn cattle and the explosive growth of TLBAA. In the last five years, membership in TLBAA and cattle registered in the association have increased by about 800 percent. In the last year, membership has increased from 1,200 to near 2,800. The new building will serve as worldwide headquarters for America's original beef breed and the museum will house artifacts and memorabilia from early Western America including the troll drives.

The "National Headquarters and Museum Fund-Raising Sale" is managed by TLBAA and will be auctioneered by Colonel Eddie Wood, Wynnewood, Oklahoma. For more information, contact Charles Dooley, Executive Director, TLBAA, 3701 Airport Freeway, Fort Worth, Texas, 76111, (817) 831-4877.

Gulf Coast F1 Female Sale Set For May 7

Final plans have been made for the 1st Annual Gulf Coast F1 Female Sale to be held Port City Stockyards in Sealy, TX on May 7, 1983 at 1:00 P.M.

Approximately thirty breeders of purebred F1 cattle have consigned over 500 females to this sale. The crosses are Brahman/Herdford, Brahman/Angus, Brahman/Simmental, Brahman/Charolais, Brahman/Limousin, Brahman/Red Angus, Brahman/Brown Swiss, Brahman/Holstein.

On Friday, May 6 at 1:00 PM, the F1 females will be judged by a group of commercial cattlemen. A Champion pen will be selected from each breed cross and an overall Champion will be selected from the breed Champions. All Champions will be awarded a trophy.

John Joyce, sales manager for this event states, "This will undoubtedly be the largest group of purebred F1 females ever assembled. We will not only have adequate numbers, but the animals in this sale will have been carefully screened and of the utmost quality. We feel that anyone in the market for F1 females can be assured of high quality, as they have been consigned by the leading F1 producers in the business."

A special consignment of 50 purebred Herford cows with half Brahman heifer calves at side and bred back will be offered in this event. These cows come from one of the leading F1 producers in the business. The Herford cows have been selected for their production records and fertility. This herd of Herford cows has been a closed herd for the past twenty years.

For further information contact World Sales, Rt. 2, Box 322, Wharton, TX, phone 409/857-2212 or 409/842-2035.

Gulf Coast TLBA Plans First Sale

The Texas Longhorn Breeders Gulf Coast will hold their first annual cattle sale on Saturday, April 23, 1983 in conjunction with the LITF Ranch Neighbors Sale.

The event will be held at the excellent new facility of the Houston Farm and Ranch Club Baxx Creek Park in Houston.

Eddie Wood will be the auctioneer, assisted by W.O. Bill Reed, sales chairman. Maudsaa Marks is named sales manager.

The TLBGC has also completed arrangements with the Houston Livestock Show to hold a sale in 1984. A maximum of fifty superb animals will be offered.

Plans are underway for other Texas Longhorn cattle exposure at the Houston show, announced Darrell Wilson, president.

Although the Gulf Coast association is dedicated to the promotion of the geographical area, it will enlist the cooperation of all breeders in the membership of the national Texas Longhorn Breeders Association.

Santa Gertrudis Field Day April 9

Top Maine-Anjou Steers Selected At Houston Show

Vicki Stewman of Maryoak, TX, exhibited the champion Maine-Anjou at the Junior Market Steer Show at the 1983 Houston Livestock Show. Vicki followed in the footsteps of her sister, Angela, who earlier in the afternoon had shown the champion Limousin.

Open to World Livestock Shows Set for Denver

Denver - An Open to the World Show for market livestock will be revived at the 1984 National Western Stock Show, Jan. 11-21, General Manager Charles Sylvester has announced.

Sylvester said the Open to the World Show will offer classes for steers, barrows and wethers and will be held in place of the junior market show which is now part of the new Junior Fall Classic scheduled for Oct. 1-8, 1983.

It marks the first time since 1972 that the National Western will offer an exclusive open Division Steer Show.

"The National Western, already regarded as the No. 1 livestock exhibition in the world, now has the opportunity to declare the top market animals in the livestock industry," Sylvester said.

The National Western guarantees a \$5,000 premium to the grand champion steer and \$1,000 to both the grand champion barrow and wether. Sylvester added the National Western is seeking additional sponsors to double the premiums.

The open show will have no restrictions for age of exhibitor and will accept any purebred or crossbred entries. Steers will be divided into classes by hip height and barrows and wethers will be classified by weight.

It will not be a terminal show and nose prints are not required on steers.

The first nomination deadline for the Open to the World Show is Oct. 18. Additional nomination dates of Nov. 15 and Dec. 15 also must be met to remain eligible. The total nomination fee for steers is \$125, while barrows and wethers will be \$25 each.

Official entry standards, premiums and schedules for the open show will be detailed in the 1984 National Western premium book available in August.

For information regarding the Open to the World Show, contact Ken Hartman at the National Western Stock Show, 1985 East 48th Ave., Denver, CO 80216, or (303) 297-1186.

Chadbourne Ranch Chi-Punch Sale Set for April 29

Bronte, TX - The Chadbourne Ranch Chienina "Chi-Punch" Sale will be held Friday, April 29, 1983. Sale time is 2:00 p.m. at the Ranch at Bronte, Texas. Lunch will be at 12:00 p.m.

Selling will be an outstanding selection of Chienina Cattle. The Chadbourne program offers Chienina cattle for the growing enthusiast, Chienina cross cattle for the commercial cattlemen and superior bloodlines for the purebred breeder.

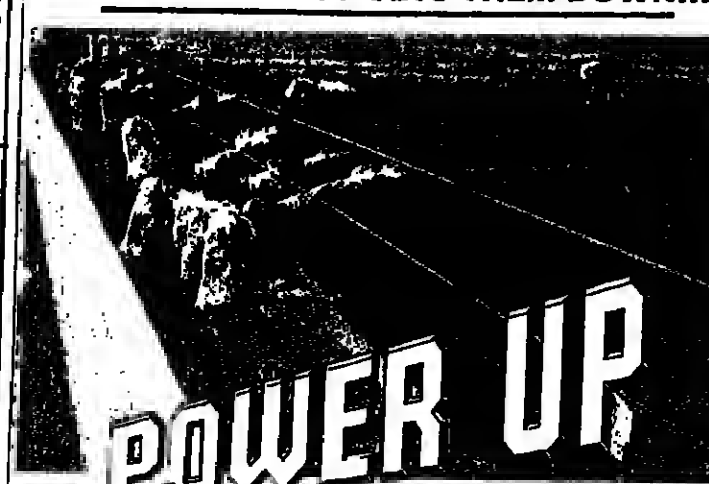

A special feature of the sale will be the offering of Rehab III, a Miss FHEM X Mr. Italy heifer with all proceeds to be donated to the West Texas Rehab center for cripple children.

For information contact Jim Morrow, Foreman, Chadbourne Ranch, 916/473-5311 or Mike Mauldin, Foreman, 915/748-8400.

THOSE WHO have failed can tell you what's wrong with everyone.

The reserve champion Maine-Anjou was exhibited by Jim Bob Schlador of Boerne, TX.

WHEN STRESS GETS THEM DOWN...

POWER UP with Ilico Power-Pak

You don't have to be told what stress can do to your stock... poor nutrition, shrinkage, slow recovery, death loss. Ralco-Mix Power-Pak is especially formulated to fight the debilitating results of stress. High levels of vitamins, electrolytes, amino acids, Suppl-Mix and probiotics promote appetite, improve total digestion and stimulate an active rumen population.

Power-Pak can be used for animals at any age including calves suffering from stress-induced diarrhea and dehydration. In severe stress cases, Power-Pak can be administered as a drench. Mixed with whatever you feed, Ralco-Mix Power-Pak is a proven way to stop stress.

Best of Two Worlds Sale to Feature Imported Cattle

The E. O. Doggett Ranch will hold the "Best of Two Worlds" Sale Saturday, May 21 at the ranch. The ranch is located 17 miles south of Tyler. Sale time is set for 1:00 p.m.

The sale will feature the red Brahman of the United States and the imported pure Gtr breed of Brazil. Headliolog the sale will be the ranch's offering of the entire 1981 heifer crop. The heifers are sired by Everado 767, and many of these females are excellent prospects for top breeders in an embryo donor herd.

An extra special offering to the sale will be the first pure Gtr heifer born from the ranch's embryo program. Also an interest in a pure Gtr yearling heifer will be offered for sale. A few select Gtr females have been held open, and breedings will be sold allowing the breeder to select the sire and dam.

"This is indeed a rare opportunity to combine the best of both worlds in any Brahman operation. The Everado 767 daughters are the most sought after red Brahman females, and the Gtr influence will add a genetic boost to any herd," points out E. O. Doggett.

For more information, contact E. O. Doggett, Rt. 1, Bullard, TX 75757, or call (814) 825-3211.

Red Rose Red Brahman Sale Set May 21

Polled Hereford Perspective '83 Coming in June

You won't want to miss "Perspective '83" - four big events planned to give Polled Hereford breeders a clear, up-to-date overview of their place in the industry. Putting the APHA Sire Summary, marketing programs and the future of Polled Herefords in perspective, these programs will feature specially tailored programs geared to the Polled Hereford breed.

"Perspective '83" will set the stage June 8 in Clay Center, Neb., where the U.S. Meat Animal Research Center's work proving the efficiency of Polled Hereford-cross cows. From Farm, Far Hills, N.J., on June 11; Middle Tennessee State University, Murfreesboro, Tenn., on June 17; and finally to the Oregon State Fairgrounds in Salem, Ore., on June 28.

The "Marketing in Perspective" segment will include planned salesmanship, the philosophy of effective marketing, planning advertising programs, ed design and placement and livestock photography. "Polled Hereford Future in Perspective" will explore where the breed fits in the beef industry, the important role Polled Herefords play in crossbreeding systems and plotting a course for the breed. "Sire Summary in Perspective" will stress the impact this tool has had and will have on the breed. This discussion will cover the use and interpretation of the Sire Summary, as well as how to employ this valuable tool in breeding programs.

This event should be a "must attend" for the breeder of every Polled Hereford breeder and interested cattleman. The American Polled Hereford Association and co-sponsoring associations have put together a top-notch program that promises to improve your perspective on Polled Herefords and the beef cattle industry.

When you stretch the truth, watch out for the snaphack.

A "little ear" on feeder calves has become an important marketing factor in recent years. Some feeders are demanding that their order buyers select calves with some Brahman in their genetic make-up. We think one of the best tools available to put a "little ear" on your feeder calves is to turn out a **Beefmaster bull**.

Y-TEX GardStar

Insecticide ear tags

Guards Cattle Against Flies & Ticks for a Full Summer Season

Attach one GardStar tag per animal for season long control of horn flies. Two tags per animal (one in each ear) controls Ootid Coast ticks and face flies. Proven Effective! University researchers find Y-TEX GardStar tags are the most effective of insecticide ear tags in eliminating summer pests from cattle.

Prevent Sickness. Even calves and lactating dairy cattle may use GardStar ear tags. GardStar tags are easily applied with the Y-TEX Tagger. Squeeze application snaps button into tag like a pop-rivet for unbeatable retention. GardStar tags may be marked with Y-TEX tag marking ink. Ink will not affect tag's performance. AVOID CHANGING WELL LEATHERS FOR MANY YEARS
 Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wearing, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't put that well for many years. Thousands are in wells that have not been re-leathered in 8 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 33rd year serving ranchers.
